

## ABOUT US

The Asia Pacific Alliance for Disaster Management Bangladesh (A-PAD Bangladesh) was established in February 2018 as a platform in Bangladesh for the A-PAD alliance, where the main focus is to build tolerance and resilience to disasters in the communities of Bangladesh. Furthermore, A-PAD Bangladesh, with the collaboration with A-PAD and the help of the Ministry of Foreign Affairs (MoFA) are jointly working on building capacity for the establishment and sustainability of a multi-sectoral platform for disaster management where we facilitate cooperation amongst Government officials, NGO's, private sectors, and civil society during and after a disaster. Its main aim is to promote coordination, sharing of information, and collaboration among the partners for disaster risk management.
